

*****ALL-INCLUSIVE PACKAGE

All-round wedding planner service for discerning couples

You want to have the most beautiful day in your life and make the entire preparation? Maybe you are busy in your job or family, just do not know how to start and want to experience the perfect day?

You want to live your wishes and really leave nothing to chance, but enjoy this important day and therefore give the planning and organization in the hands of professionals?

With the ***** All-inclusive package we regulate everything for you. We find out your idea of a successful wedding together and implement it professionally for you. We give great importance to the certain something that makes your wedding unique, no wish should remain unfulfilled!

The ***** All-inclusive package includes the following services:

- Preliminary discussion with the bridal couple. We discuss your ideas and wishes, so that your wedding fits 100 percent to you
- Creating an individualized, all-encompassing wedding concept that reveals your motto or theme in every element of your wedding. From finger food, decoration and design to the decorated room of the wedding night
- Creation of a detailed schedule of the wedding day
- Make a detailed budget based on your budget, continuously reviewing and updating it
- Location Search: Three to five wedding venue suggestions available for your appointment to fit your needs and your budget. We have optional locations for you, so you can decide in peace
- Recommendation and mediation at the request of all service providers. We make the preselection according to your ideas, you decide, and we take care of everything else. All our agency discounts will be given to you
- Reminder service for important dates is included
- Master of Ceremonies for up to 7 hours
- This package contains up to six personal meetings
- In addition to these services, we are always there for you! We accompany you on request in the choice of clothes, the stylist and whenever you wish. You do not need to worry about anything unless you want
